**INSTRUCTION SHEET FOR PHOTOGRAPHER**

The following instructions and information are for your benefit and to assure the bride and groom that their wedding will be beautiful and run smoothly.

Because a wedding is a sacred occasion, flash photography cannot be taken during the processional, ceremony, or recessional until the bride and groom are nearing the vestibule of the church. Time exposures will be permitted at this time and flash photographs may be made any time prior to or following the above stated times.

Because guests are waiting for the bride and groom at the reception, please organize and schedule your time so the wedding party will know what is expected of them when you are taking pictures. A prior consultation with the bride as to the poses, the people involved in the pictures, etc. will eliminate confusion the night of the wedding.

If you have any questions concerning the above instructions, please feel free to call the church office at 910-868-5156.
