WHY should I use BLB?

- **To love God** = a call to a union with Him daily
 - Intimate time & fellowship with God in His Word
 - To know Him and grow in Christ-likeness
- **Problem:** Time spent with God slowly starts feeling like a task or a chore >> fail to develop the habit

What I've discovered: Because BLB helps to accelerate in-depth study, spending time with God becomes a very satisfying thing to do.

Geneva Bible Study Notes Now Available

The Geneva Bible is one of the most important versions in the history of Bible translation. It stands as a milestone in the development of biblical annotation and commentary. First published in 1560 by Protestant scholars in Geneva, Switzerland, this work was notable for being the first English translation to implement several things. Among these are textual and explanatory study notes in page margins. That is what we are excited to now offer on Blue Letter Bible.
