A high-speed photograph of a powerful explosion. A central point of impact creates a massive, radial burst of energy. Fine particles of dust and debris are propelled outwards in all directions, creating a dense, hazy cloud. Larger, irregular fragments of what appears to be concrete or stone are suspended in the air, some appearing to move away from the center. The overall color palette is dominated by the warm, golden-brown tones of the dust and the greyish-white of the debris.

Job 38:3, “Brace yourself like a man...”
