Dear Friends,

Thank you for your gracious gift for our Prison Bible Colleges and for our BIG Scholarship. Your partnership in these important ministries is so encouraging.

Praise the Lord for the way God has used both of these areas of our work to impact many lives. The BIG Scholarship provides the opportunity for new students to be reminded of God's provision through folk like you as these students prepare to serve the Lord. Thank you for this testimony of support for these developing servants.

The Prison Bible College outreach continues to touch folk who face great challenges as they overcome their past and move forward in serving God while in prison. These precious students display the grace of God in amazing ways. Thank you for helping these special students.

God has blessed us with His goodness during this milestone of celebrating our 75<sup>th</sup> year. Please continue to pray the Lord of Harvest to send forth servants...*because Life is for Service.*
