Dear Friends,

Thank you for your partnership as you invest in our mission of sharing the gospel and strengthening the Church.

Praise the Lord for a tremendous summer of ministry. God greatly used our Gospel Heralds throughout their travels to churches, camps and other ministry opportunities. Their theme "Building for Eternity" was so effective. Our Alpine Bible Camps and Adventure activities have served hundreds of lives. Praise the Lord for those who have trusted Christ as Savior and for the many Christians who have made decisions for the Lord. Our campus has truly been blessed.

We are quickly approaching the start of our 74th year of preparing servants for the Lord. Please pray for two significant projects which we are working hard to complete before students arrive. Also pray for our faculty as they complete their class preparations. We are looking forward to another great year.

Again, thank you for your kind support. God is using you to build for eternity...*because Life is for Service.*

*Rossie {I have
been so blessed as
we begin another
school year. God
is using you all to
help us equip servants*

Blessings
