

## Policy for Usage of TVs in Nursery and Children's Ministry

Established By: Pastor Sean Harris, Senior Pastor

Nursery and Children's Sunday School Workers,

Thank you for volunteering. Your ministry to our children is vital to the discipleship of adults and even the salvation of these little ones as seeds of truth are planted in their hearts and minds. While many nursery or children's ministry rooms are equipped with a TV, you do not need to use them. However, if you choose to show the children a video, it must be distinctively Christian and focused on teaching biblical truth, such as Veggie Tales or Super Book Bible Stories. Under no circumstances should anything from Disney or similar companies be watched.
